FLYMOON 3.0

Right-Hand Version Shown*

ViBO

INTRODUCING Flymoon 3.0

The Flymoon 3.0 is the quintessential blind corner storage solution. Featuring three sizes of baskets, two on-trend colours, an easy-to-install universal left/right arm mechanism, plus high-quality European construction, the Vibo Flymoon 3.0 outperforms the competition in every way.

Product Features:

- Pivoting arms allow easy access and excellent space utilization
- Shelves have elliptical wire with anti-slip melamine bottoms
- Universal arm mechanism for left & right opening
- Arm mechanism has tray height adjustability
- Premium Quality - Made in Italy to European standards
- Load capacity: 20 kg per shelf
- Limited Lifetime Warranty
